

ABAC Exceed

Peak single-stage piston compressor performance

Enhance your air performance by redefining reliability and efficiency for various industrial needs.

EXtensive

Design Features

Handle

Robust single side

Tank

Up to 270 lt

Wheels

200 mm rear wheels designed for high resistance. Front pivot wheel with brake.

ABAC's EXtensive range is the result of meticulous engineering, aimed at delivering a product that doesn't compromise on performance or value.

The EXtensive range from ABAC is designed to meet every market requirement, offering versatile solutions that are suitable for all users. The 200ml rear wheels are among the most robust on the market and provide excellent stability. With a power of up to 5.5hp, it can cover a wide range of applications.

Technical Features

Power	2 – 5.5 hp
Technology	Single and Double Stage
Power supply	230/400 V – 1/3 Phase – 50/60 Hz
Plug	UK version available
Air delivery	Reliable pressure switch with single exit reducer
Pump	All with aftercooler

EXpert

Design Features

Handle

Robust and Ergornomic full handle with Rubber protection

Air Interface

With filter equipped or double exit

Wheels

200 mm rear wheels designed for high resistance. Front 2 x pivot wheel with brake.

EXpert compressors are equipped with advanced technology to meet the rigorous demands of various industries. The range provides a robust solution that professionals can rely on.

The EXpert compressors are designed by incorporating all the available accessories for single-stage compressors today. They offer great stability, thanks to the double front swivel wheel, and the new handles assist during movements, reducing injuries. The outlet filter also protects even the most expensive tools.

Technical Features

Power	2 – 5.5 hp
Technology	Lubrificated Single and double stage pump, plus oil free version
Power supply	230/400 V – 1/3 Phase – 50/60 Hz
Plug	UK version available, 3-phase plug onboard
Air delivery	Equipped with filtration or versatile double exit
Pump	All with aftercooler
